

Wavo POD

The Gateway Microphone for Podcasting and Streaming

JBo1775-BWW

JOBY[®]

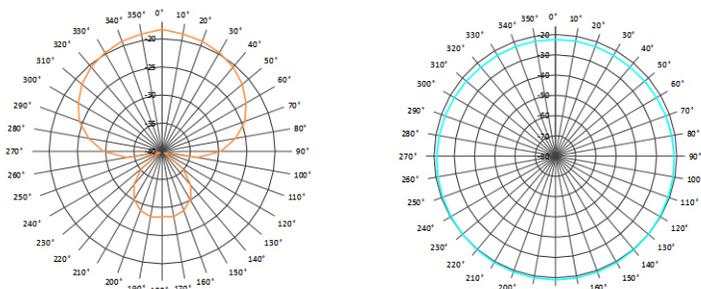

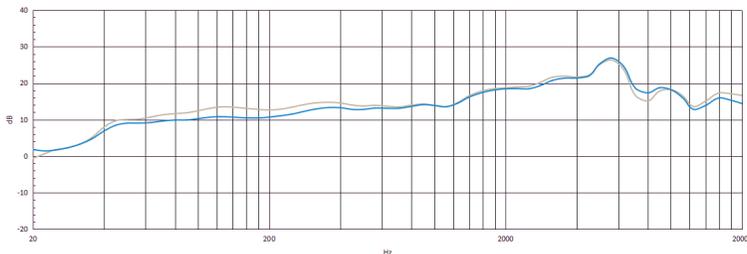

Overview

Wavo POD is JOBY's large-diaphragm, USB condenser microphone for audio streamers. The mic is designed for the everyday podcaster or game streamer, featuring the versatility of both cardioid and omnidirectional pickup patterns with 24bit/48kHz high-res sampling rates.

Applications

- High-quality 24bit/48kHz audio for laptops / most USB-C devices
- Omnidirectional and directional recording patterns
- Built-in volume, mute, gain controls. Includes headphone port
- Pop filter accessory included for clean broadcast voice
- Designed to work seamlessly with existing JOBY supports / mounts
